

## AMONG THE EXCHANGES OF THE INLAND EMPIRE

Washington Land. The Palouse Irrigation project, covering 14,000 acres from Washington down to the mouth of the Snake river, will likely be made permanent by a commission of irrigation experts, headed by H. M. Savage, engineering officer of the government, and a representative of the government service in the project.

It will be an extensive one, and will include the next year's work. It will include the structures, total cost of the project, the supply of water and the quality of the land. It is estimated that the project will cost about \$25 an acre, or \$1,000,000 for the project. The project is waiting in the United States and will be commenced as soon as work can be commenced on the project.

### Lumber Output Curtailed.

Mr. Nibley, president and manager of the Grand Lumber Co., who was in the city yesterday, stated that the season's output had not been quite up to the mark, the output being only 14,000 feet, instead of about 20,000, as usual. Mr. Nibley stated that the company was well supplied with the business considering the conditions, and looking forward to a prosperous season in 1905. The company for 1904 will figure up a profit, and shipments of lumber have been heavy.—Baker City Herald.

### Almost a Bonanza.

Mr. Gleason returned yesterday from the Grand Lumber Co., where he went to close the deal for the year. Cracker Creek district is a syndicate of Spokane miners, represented by W. F. Kip, which was done, the consideration being \$65,000, payable at intervals during the coming year or two.

Mr. Gleason carries around in his pocket a gold button weighing nine pennyweights, and 10 grains, about \$11, while he panned from four and a half pounds of rock from this ledge, accurately weighed. The miner has frequently made mention of the fabulously rich ore taken from this property. This was a picked sample, of course, but there is two feet of ledge matter that will run \$500.—Sumpter Miner.

### Four Bullets Hit Woman.

Through the courtesy of Justice of the Peace Frank Craig at Pine, the Herald learned the full particulars of the unfortunate killing of Mrs. H. T. Beck by her son-in-law, Leonard Foster, which occurred Sunday night at Half Way.

It seems that Mrs. Beck arose some time in the night and went outside. On her return Foster heard a noise, and getting up, reached for a .22 rifle which stood near by. He fired a warning shot and called at the same time, but receiving no answer, concluded that a burglar was trying to force an entrance into the house.

He fired four more shots, each one taking effect in the unfortunate lady, and causing instant death.—Baker City Herald.

### Good Roads at Walla Walla.

The work of constructing the sample piece of road in Walla Walla county under the supervision of the government experts is to be commenced in a few days. James W. Abbott, of the United States department of agriculture; J. H. Dodge, the road expert, and H. W. Canfield, of the agricultural department, arrived in Walla Walla this morning from Bellingham. They brought with them all of the necessary machinery not provided by the county, and will be ready to take up the work in a few days.—Walla Walla Statesman.

## MARKET REVIEWED

Apples from North Yakima plentiful in the market now, at 25 cents, and the quality is both excellent. Apples can be had for 15 cents per bushel, and better for 5 cents per bushel. Green and red peppers are at 16 cents per pound, and green garlic at 16 cents per pound.

Onions—excellent in quality, perfectly fresh, raised in the vicinity of Portland, can be bought for 15 cents per pound, which is very reasonable considering that the dealers are behind with their orders and that the product is not overplentiful.

Good quality of lettuce reaches every morning fresh and tender. Potatoes are as desirable as the spring product, and sell at 5 cents per bushel. Pumpkins and squash are also large, but of good quality. The best flavored that have come into the market this fall and home grown, can be had for from 15 to 25 cents each.

Carrots are worth 15 cents per bushel, or two quarts for 25 cents. Large pears are worth \$1 per bushel. California quinces sell by the bushel, and cost 25 cents for four bushels. Umatilla county apples cost 10 cents per bushel. This price is for a quality of apples. There are no apples in the market.

Apples are becoming very scarce, and the price has come from California. The local crop is entirely exhausted, and has not been abundant at any time.
